Malaysia Holidays offer great value airfares when combining air travel with hotel and tour arrangements.

Malaysia Holidays can arrange car hire from most Malaysian cities. Contact reservations for details.

## Independent Touring

When you book airport transfers with Malaysia Holidays, on arrival, after clearing Customs, you will be met by your local guide who will assist with your luggage and take you directly to your hotel.

Tours are managed as a small group adventure. Most of the tours depart daily and these departures are guaranteed.

Local guides and drivers provide professional commentary and are the experts on nature, history and culture of Malaysia. You can expect the best experience possible in their hands.

We strongly suggest you pre-book tours as early as possible as some accommodation and flights in conjunction with tours have limited capacity.

# Highlights of Malaysia

## Penang

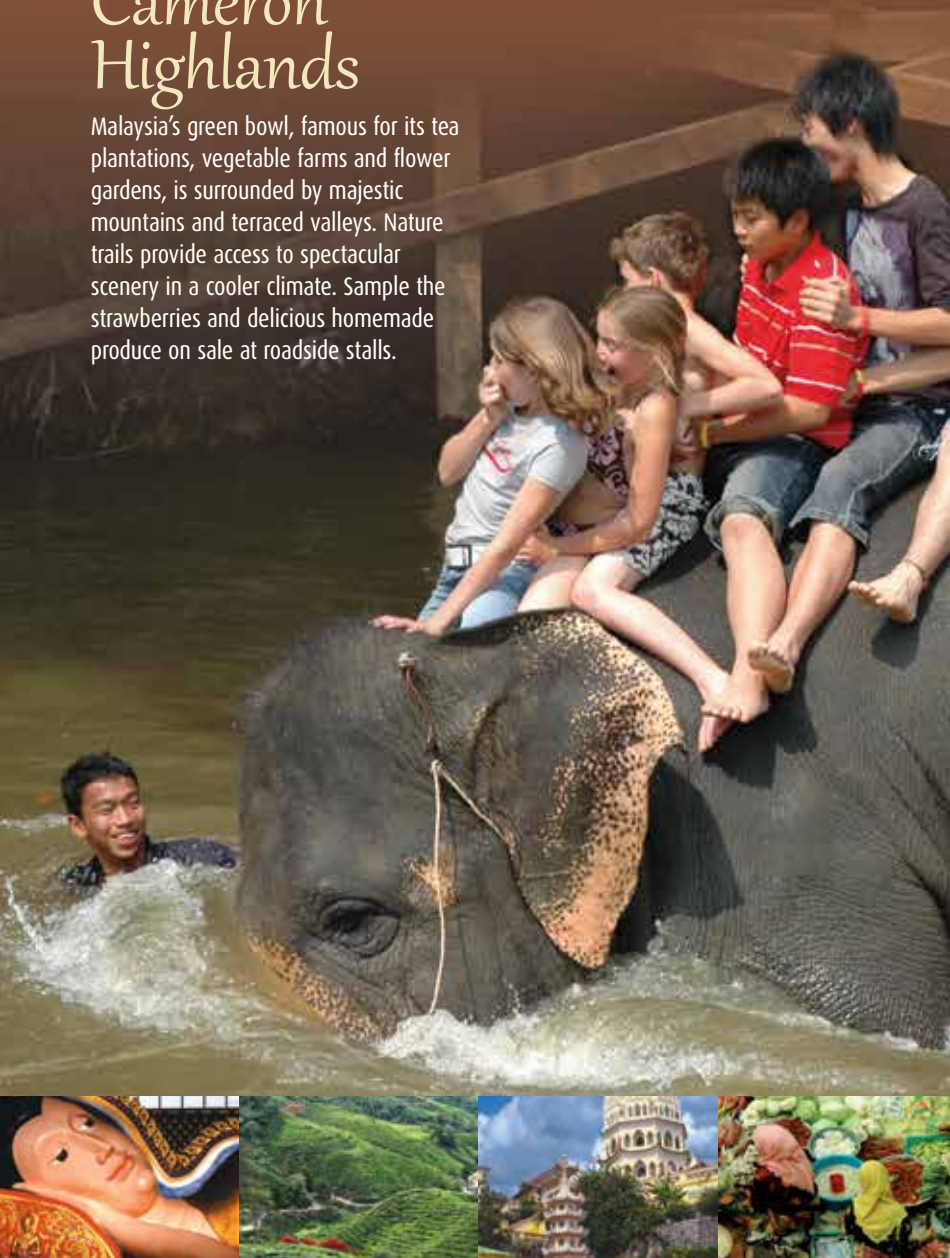

A mix of old & new – of East & West, Penang's variety is hard to beat. From the highrises of its capital, Georgetown, to the century old church, Chinese and Indian temples and mosques, the melding of the many faces and places in Penang is best reflected in the aromatic hawker stalls at Guernsey Drive. When beaches beckon, Batu Ferringhi provides the resorts and facilities for rest and relaxation.

## Cameron Highlands

Malaysia's green bowl, famous for its tea plantations, vegetable farms and flower gardens, is surrounded by majestic mountains and terraced valleys. Nature trails provide access to spectacular scenery in a cooler climate. Sample the strawberries and delicious homemade produce on sale at roadside stalls.

## Langkawi

Offering some of the world's best kept secrets – secluded coves and long stretches of white sandy beaches – Langkawi is an escape from the hustle of city life. Warm and calm, with easily accessible natural attractions, the islands of Langkawi are a stunning showcase. Myths and legends abound, interwoven with culture and folklore. Superb resorts and facilities provide a haven for lovers of tropical hideaways.

# Travel tips

**Climate:** Peninsula Malaysia has a tropical climate with warm weather all year round.

Temperatures range from 21°C to 32°C. Rainfall varies throughout the year, with the wettest months from September to November.

**Currency:** Money can be changed at banks or Money Changers found in major shopping centres. \$1AUD is equal to approximately 2.75 Malaysian Ringgit.

Travellers cheques and most credit cards are accepted at all hotels, major department stores and restaurants.

**Visas:** Visitors to Malaysia must be in possession of a valid passport with a minimum validity of 6 months beyond the period of stay. Most nationalities do not require a visa for social or business visits if staying less than 60 days. It's best to check with your travel agent on what may apply to you prior to departure.

**Tipping:** Most hotels and restaurants levy a 10% Service Charge and 6% GST on bills, therefore tipping is not customary.

**What to Wear:** Light summer clothes are best for the warm, humid climate. Sandals or walking shoes are necessary for rainforest trails. When visiting mosques & places of worship it is polite to cover your shoulders and knees.

**Health:** No vaccinations are required. Malaria treatment is not required unless spending time in remote and seldom visited areas. We suggest you contact your own physician or travel doctor for your own circumstances.

**Food:** Try it all! You can learn a great deal about a country and its people from the food they serve and eat. A diverse range of Malaysian curries, local fruits and vegetables found in no other place. Most eateries operate until late at night. Western food is also readily available at resorts and many restaurants.

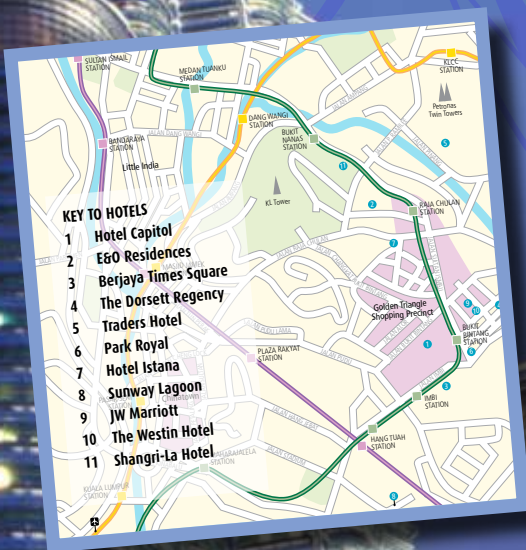

**Electricity:** 240V and a UK flat 3-pin plug is used.

**Shopping:** Most retail outlets have a fixed price for their goods, however bargaining is most common at night markets or at bazaars. Shopping centres operate mostly from 10am to 10pm.
