

Announcing the:

2022 GCOET CONFERENCE

28-29 December 2022 | Penang, Malaysia

Announcing the:

2022 GCOET CONFERENCE

28-29 December 2022 | Penang, Malaysia

Call for papers

This is the second call for papers for the 2022 GCOET Conference in Penang, Malaysia. Papers are invited in the broad areas of Contemporary Issues in Engineering & Technology Research: Civil Engineering, Mechanical Engineering, Environmental Engineering, Computer Science and related topics.

Papers should conform to the style and format of Engineering & Technology, a GCOET-associated journal. All papers will be subject to double-blind peer review, so please ensure that there are no author details mentioned in your paper.

Submission of Papers

Further details regarding the submission of papers will be made available in the September 2022 issue of the GCOET Newsletter and on the GCOET Series website.

Final Call

Abstract 7 December 2022

Late Payment 20 December 2022

Full Paper 30 January 2023

Dear Colleague,

On behalf of the GCOET Committee, we invite you to join us at the 2022 (10th Year of excellence) Annual Conference held in **G Hotel Gurney (5 STAR)**, Penang, Malaysia. The conference is a great way to be inspired by our plenary speakers, engage in debates with other scholars, and enjoy our GALA Dinner & Networking session and the hospitality of Penang. New delegates are always welcome, so please spread the word to others.

We are excited to announce the following plenary speakers for 2022:

- Emeritus Professor Gabriël A. Moens at the University of Queensland
- Professor Danture Wickramasinghe at the University of Glasgow
- Professor Kamran Ahmed at the La Trobe University
- Professor Ahmad Fauzi Abdul Hamid at the Universiti Sains Malaysia
- Assoc. Prof. Kashan Pirzada at the University Utara Malaysia

Penang is a harbor city and is a UNESCO-listed World Heritage Site with a collection of over 12,000 surviving pre-war shophouses. Its best known as a giant beach resort with soft, sandy beaches and plenty of upscale hotels, culture, and dining but still retains a close connection with nature, the Second largest city in Malaysia. Its positive attitude and creative confidence make Penang a genuine new-world city. Even though Penang is rapidly developing and forward-thinking, it maintains a youthful enthusiasm. It has what is arguably the most vibrant, laid-back, and friendliest atmosphere of any east-coast capital city.

Penang enjoys a warm equatorial climate, spectacular scenery, and pleasant locals. It has been the drawcard for many domestic and international visitors, making Penang the fastest-growing city in Malaysia. Getting anywhere in Penang is extremely easy. The northern gateway to Malaysia, Penang's the oldest British settlement in the country.

You can meet local artists in their studios and browse charming art galleries or walk high amongst the rainforest canopy at the Habitat Penang Hill, Penang Hill Funicular, Bukit Bendera, and Batu Ferringhi Beach.

We look forward to welcoming you to Penang, Malaysia, in 2022.

Abd Rahim Bin Muhammad
GCOET Series Chair (Malaysia)
